School News

A message from Mrs Barnett

This week I received a powerful reminder that resilience is often found in the small moments. Our Year 6 residential assembly was a wonderful reminder of just how resilient our children are. Seeing how they embraced new experiences, stepped outside their comfort zones, supported one another and overcame challenges was a real privilege.

I came away feeling incredibly proud of them all and reminded once again of the importance of creating opportunities for our children to discover just how capable they really are.

It has also been wonderful welcoming so many parents in school over the last 2 weeks for Stay and Sessions or assemblies. It really is wonderful to see how excited our children are to share their learning with a grown up. I look forward to seeing you all during the run up to Christmas next half term.

Whilst we do still have 4 days to go, I would like to wish you all a happy half term when it arrives.

Thank you for your continued support this half term.

What's New?

Please see the new prices for the wraparound care after the half term:

Breakfast Club

From 7:30 - £3.50 increase to £3.95. Book 5 mornings at £18.75

Attendance

Reception/Y1 - 92.9%

Y2/3- 91.4%

Y4/5- 96.3%

Y6- 91.4%

ATTENDANCE MATTERS

Lost minutes = Lost learning

Every school day counts BUT every minute is equally important!

Reception/Year 1

This week, we had our stay and maths!

We were looking at shapes so we went on a shape hunt out on the playground.

We found objects that were circles, squares, rectangles and triangles!

Thank you to those who came to join us!

**In forest school, we were enjoying the Autumn colours.
The leaves have started to fall off the trees which created some lovely
discussion,
some of us enjoyed laying in them too!**

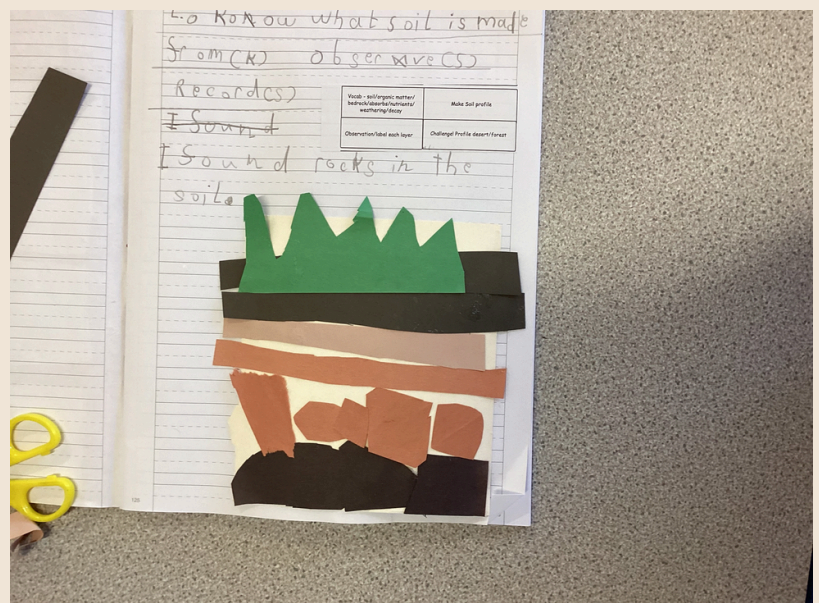

Year 2 and 3

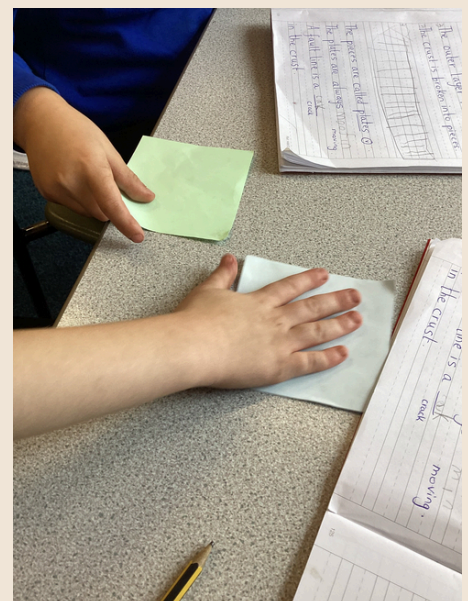

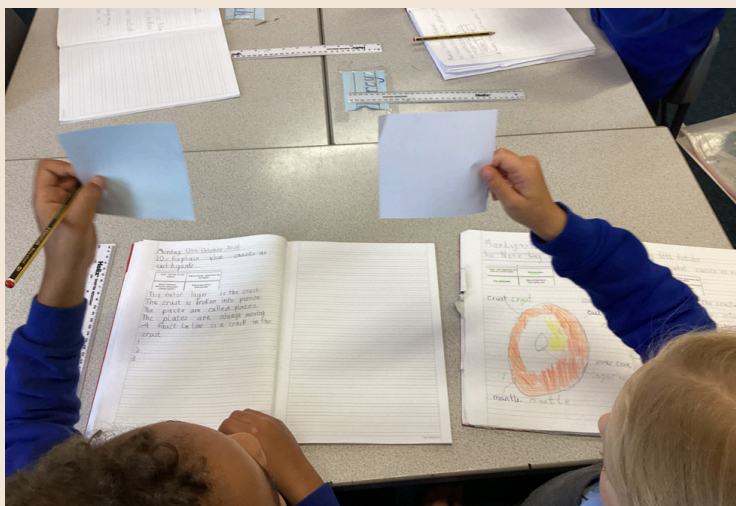

This week in Year 2/3 we found out what soil is made from.

We did some outdoor learning and used tweezers to extract stones and organic matter from soil.

**From our findings we made a soil collage and labelled all of the layers it is made from.
In Geography we found out what an earthquake is and we know the reasons for one
happening.**

We have been busy adding and subtracting in maths and innovating our newspaper model texts in Talk 4 write.

Year 4 and 5

in science, we investigated friction by testing different types of shoes on various surfaces.

We explored how the soles of the shoes affected the amount of friction they produced.

In DT, we explored Ancient Greek pottery by making our own pots using clay.

We looked at the shapes and designs of traditional Greek pots and used them as inspiration for our creations.

Once our pots were shaped, we painted them with patterns and pictures inspired by Ancient Greek artwork. This activity helped us develop our creativity and pottery skills while learning more about the art and culture of Ancient Greece.

Year 6

We have had an exciting workshop on Hydrogen cars from Northern Gas Networks. This linked to our Geography topic on renewable energy.

**We are also at the Modroc stage of our sculptures in Art, they are really starting to take shape ready for finishing them next week.
In Literacy, we are writing newspaper articles and in History we are writing letters as evacuees in WW2.**

Diary Dates

2026-2027

School Clubs/Music Lessons

Violin - Tuesday afternoon

Guitar - Friday morning

Spectaculab - Tuesday

Debutots - Wednesday

Stay & Dates

EYFS/Y1 - Tuesday 13th October -
2:15pm

Y2/3 - Monday 28th September - 2:30pm

Y4/5 - Wednesday 11th November -
11:00am

Y6 - Tuesday 20th October - 9:00am

October

19th October - Flu vaccinations

19th October - Y1 Parents opens session on Phonics
