School News

A message from Mrs Barnett

Dear Parents and Carers,

Welcome to this week's newsletter!

As we move through the term, I wanted to take a moment to share how tremendously proud I am of our pupils. Day in and day out, our children demonstrate an outstanding attitude to learning, coming into school curious, engaged, and ready to challenge themselves.

What makes me even prouder is how noticeable this is to those outside our immediate staff team. Recently, we have had the pleasure of welcoming several visitors and members of our governing body into school. Without exception, our guests have praised the polite, respectful behaviour of the children and their wonderful focus in the classroom. Hearing independent visitors' comment on the warm, purposeful atmosphere across our school is a true testament to the hard work of our staff, the support from home, and, above all, the brilliant character of our pupils.

Thank you, as always, for your continued support in reinforcing these values at home. It truly makes all the difference.

What's New?

Next Tuesday 6th October is the Harvest Festival. This will take place at St Augustine's Church at 2:45pm.

Families are welcome to join us, please bring a donation for our collection.

Thank you

Attendance

Reception/Y1 - 92.9%

Y2/3- 92.6%

Y4/5- 95.6%

Y6- 91.6%

ATTENDANCE MATTERS

Lost minutes = Lost learning

Every school day counts BUT every minute is equally important!

Reception/Year 1

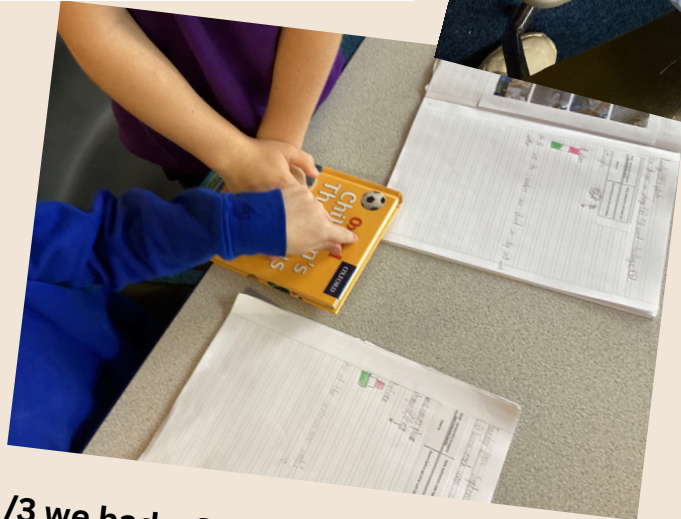

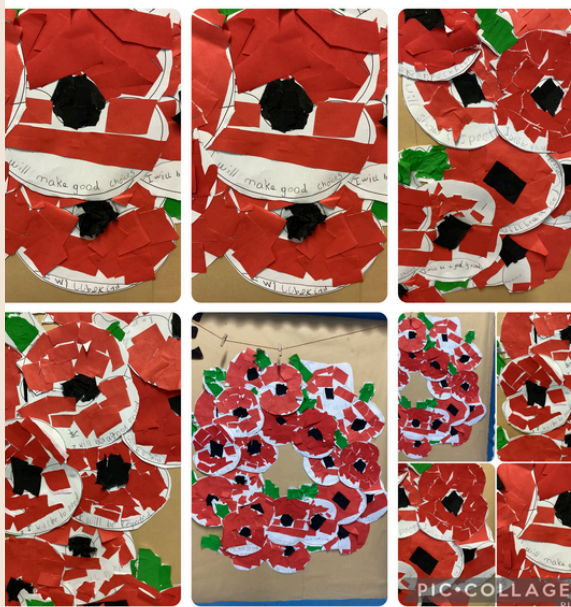

In EYFS/ Y1 we have been practicing our number formation. We loved using the flashy number sticks to help us!

In Science, we are looking at animals. The children had a go at grouping the animals into mammals, fish, birds, amphibians and reptiles. They also learnt about vertebrates and invertebrates and then had a go at making the skeletal structures using playdough and cotton buds!

We have been enjoying playing games too. The children are becoming great at taking turns and communicating with their friends.

Year 2 and 3

This week in Year 2 /3 we had a Stay and Maths. The children showed off their skills of addition, subtraction, multiplication and division and had fun working through their set of questions with their parents. In Science we experienced how metamorphic rocks are made - we used heat from our hands and pressure from pressing down with a book to change cubes of play dough into flat pieces which no longer were separate colours. We became archaeologists in History and excavated tools and pottery. We also made a remembrance wreath in RE and wrote our own promise on the poppy.

Year 4 and 5

In science, year 4/5 made parachutes to investigate whether the size of the parachute would affect the amount of air resistance. We then took our parachutes outside and tested them by dropping them from different heights. We carefully observed what happened and recorded our findings to see whether the height and size of the parachute affected how quickly they fell.

In art, the children have been studying Ancient Greece and exploring the different types of pots that the Ancient Greeks created and used. They looked closely at the shapes, patterns and designs of these pots before using clay to create their own Ancient Greek-inspired pots.

Year 6

We've had a fantastic trip at Robinwood, facing fears and trying new challenges. I'm really proud of them all!

In art we have been making our armatures ready to use plaster of Paris to create our sculptures

Diary Dates

2026-2027

School Clubs/Music Lessons

Violin - Tuesday afternoon

Guitar - Friday morning

Spectaculab - Tuesday

Debutots - Wednesday

Stay & Dates

EYFS/Y1 - Tuesday 13th October -
2:15pm

Y2/3 - Monday 28th September - 2:30pm

Y4/5 - Wednesday 11th November -
11:00am

Y6 - Tuesday 20th October - 9:00am

October

6th Oct- Y1-Y6 Cross Country - Holderness Academy 4:00-5:30pm
